With a power of 930 watts, you can achieve the perfect toast every morning by choosing from its 7 toasting levels, with defrost, reheat and quick-cancel functions, activating it if you see your toast has already reached the desired golden colour. Of modern design with rounded shapes, in keeping with the new Nordic or Framehouse-style decor, it comes with chrome-plated and stainless steel details, making for a very original and attractive composition that decorates any kitchen or coffee corner. It has a built-in CRUMB TRAY in its structure, making the toaster easy to clean. Its automatic shut-off and its COOL-TOUCH HOUSING make it a safe appliance.
