**Table Heater Electric Mica Parker White 1200w 2Pow
Cable3m Tip-over Protection 13x40x41,5cm**

Ean: 8435684372082
Serie: PARKER
Color: White

Electric Mica table heater from the PARKER series in WHITE. Made of metal, ABS and a mica heating element. Equipped with a maximum power of 1200 watts for heating footstool tables and small spaces, it can be adjusted between its three heating power levels, 450 watts, 800 watts and 1200 watts, depending on the temperature you wish to heat to. With MICA HEATING ELEMENT technology, it generates and distributes heat efficiently, creating heat instantly and producing more heat with less power than other heating systems, helping to save energy and being kinder to the environment. With an innovative, modern and compact design, ideal for small lounges and gathering areas around a table, or simply placed on the floor, it takes up very little space while creating a cosy atmosphere, and comes with a 3 METRE CABLE so it can be placed in the centre of the room without any problem. It comes with a TIP-OVER PROTECTION system, which simply stops it working when lifted, and a protective grille that does not transmit heat to the touch, making it a safe appliance. It measures 13x40x41,5 centimetres. Available in this series in white and black.
