

Technical Sheet

Art.No: 235242
Barcode: 8050072352424

Panel X2 LED (White Frame)
42W/cool white/3250lm/25000 hours

Technical data

General Information

Base	/
Lifetime	25000 hours
Energy Label	A
Mercury content	0.0 mg

Technical (light) Information

Color Temperature	cool white
CRI	≥80
Beam	120°
Luminous Flux	3250lm
Luminous Intensity	/

Products Dimension

Diameter (D1)	595
Diameter (D2)	595
Height(L1)	10
Height(L2)	-

A technical diagram of the light fixture showing its circular shape. A horizontal line with arrows at both ends is labeled 'D1', representing the diameter. A vertical line with arrows at both ends is labeled 'L1', representing the height.

Electrical Information

Voltage	230V
Frequency	50-60Hz
Wattage	42W
Current	200mA
Power Factor	0.95
Wattage Equivalent	190W
Dimmable	NO
Switching Cycles	/
